Preamble

This Enterprise Letter of Intent ("Enterprise LOI") is required before any organization, company, individual contractor, or developer deploys, integrates, or uses any Anticloud Software, specifically the **L Rlinf** module — including PAX L5 Narrow L2 General 27B — in any context that:

- Services any client, customer, or external user
- Generates revenue, directly or indirectly
- Involves 2 or more employees accessing the Software
- Involves any regulated data (health, financial, government, legal, defense)
- Reaches any private consumer outside your personal development environment

Submit this completed LOI to sales@0-1.gg and lois@0-1.gg before deployment.

Article 4 — Compliance Certifications Required

4.1 For Healthcare use: Organization must hold or be actively pursuing HIPAA Business Associate Agreement (BAA). Anticloud FZ LLE will provide BAA template upon license execution.

4.2 For Government use: Organization must identify the applicable regulatory framework (FedRAMP, CMMC, IRAP, etc.). Anticloud FZ LLE provides AIOSS chain documentation for FedRAMP Moderate evidence packages.

4.3 For Financial use: Organization must hold or be pursuing PCI-DSS 4.0 certification or equivalent. AIOSS chain entries serve as audit evidence.

4.4 For UAE / GCC government use: Data residency must remain within UAE. Air-gap deployment required. Anticloud FZ LLE provides deployment guide for UAE Critical Infrastructure compliance.

Article 5 — IP and Data Terms

5.1 All model weights, AIOSS specifications, KANTOR K5 specifications, and Anticloud corpus materials remain the exclusive intellectual property of Anticloud FZ LLE and Lois-Kleinner Alpasan (ORCID 0009-0009-2233-6107).

5.2 USPTO patent applications pending. Any use that constitutes infringement of pending or granted patents is prohibited.

5.3 Enterprise license grants a non-exclusive, non-transferable right to use, not ownership of, the Software.

5.4 Customer inference data, prompts, and outputs processed by the Software remain the property of the Customer. Anticloud FZ LLE claims no rights over customer data.

5.5 Outputs of PAX L5 Narrow L2 General 27B are AI-generated. Customer bears full responsibility for review, validation, and any decisions made on the basis of AI outputs.

Article 6 — AIOSS Audit Chain Obligation

6.1 Enterprise deployments must maintain an active AIOSS SHA3-256 audit chain on all production inferences.

6.2 AIOSS ledger entries must be preserved for a minimum of 7 years for regulated domains (healthcare, finance, government).

6.3 Upon request by regulators or auditors, Customer must be able to produce AIOSS chain entries for any specific inference within 48 hours.

Article 7 — Notification and Reporting

7.1 Customer must notify sales@0-1.gg within 30 days of:

- Exceeding the employee or customer thresholds for the selected license tier
- Expanding use into new regulated domains
- Any security incident involving the Software

7.2 Annual usage report (inference volume, deployment count, customer count) to be provided to Anticloud FZ LLE within 30 days of each license anniversary.

Article 8 — Governing Law and Dispute Resolution

8.1 This Enterprise LOI and any resulting license agreement are governed by the laws of the Dubai International Financial Centre (DIFC), UAE.

8.2 Disputes shall first be subject to good-faith negotiation for 30 days, then DIFC Courts arbitration.
